What's Inside

Our full product range across five categories. Every product below is marketed and distributed by Standard Agro Chemicals International.

Crop Nutrition (15 products)

Fertilizers and nutrient supplements — macronutrients, micronutrients and water-soluble blends — for soil and foliar feeding.

Soil Health & Biostimulants (6 products)

Organic conditioners, humic/fulvic and algae-based biostimulants that build soil structure and plant vigor.

Insecticides (25 products)

Contact, systemic and granular insecticides for sucking pests, bollworms, borers and other field and orchard pests.

Fungicides (7 products)

Protectant and systemic fungicides for blight, mildew and other fungal and bacterial diseases.

Herbicides (8 products)

Selective and non-selective weed control for field crops and orchards.

Total: 61 products

For full specifications, dosage and application guidance, see the product page at www.saci.com.pk or the product label.

Crop Nutrition

Fertilizers and nutrient supplements — macronutrients, micronutrients and water-soluble blends — for soil and foliar feeding.

SACI NP

Granular · 50 kg bag

Granular NP fertilizer (18-18-0) supplying nitrogen and phosphate for general field crop nutrition.

Cotton · Rice · Wheat · Sugarcane · Maize

Spotium

Granular · 40 kg bag

Granular soil-applied nutrient blend supplying nitrogen, magnesium, calcium, boron and zinc to correct multiple deficiencies.

Cotton · Rice · Wheat · Maize

Maxes

Granular · 2 KG pouch

5% EDTA-chelated crop supplement supplying zinc, nitrogen, magnesium and sulphur for stronger roots and higher yields.

Cotton · Rice · Wheat · Sugarcane · Maize · Vegetables

Amazon SOP

Water-soluble Sulphate of Potash (WS SOP) · 10 KG bag

Water-soluble Sulphate of Potash (WS SOP) supplying potassium and sulphur for fruit, fibre and grain crops.

Cotton · Rice · Wheat · Sugarcane · Vegetables · Fruit & Orchards

Easy Flow

Liquid concentrate · Packs: 1 L bottle / 10 L can / 200 L drum (picture: 10 L)

Liquid potassium (K2O) fertilizer for fertigation and spray application across field and fruit crops.

Cotton · Rice · Wheat · Sugarcane · Vegetables · Fruit & Orchards

Mercury Super

Crop supplement (liquid) · Packs: 10 L can / 20 L can / 200 L drum (picture: 10 L)

Liquid crop supplement for rice, potato, sugarcane, wheat, cotton and orchard crops.

Cotton · Rice · Wheat · Sugarcane · Potato · Fruit & Orchards

SACI Bull

Dust-free water-soluble macro granules · 900 g net weight when packed

Chelated iron (EDDHA-Fe 6%) water-soluble macro granules to correct iron deficiency (chlorosis) in fruit and field crops.

Cotton · Rice · Wheat · Sugarcane · Maize · Fruit & Orchards

Ironex 5.4%

Dust-free water-soluble macro granules · 1000 gm box

Chelated iron (EDDHA-Fe 6%) water-soluble macro granules to correct iron deficiency (chlorosis) in fruit and field crops.

Cotton · Rice · Wheat · Sugarcane · Maize · Fruit & Orchards

Max-GA3

10% SP (soluble powder) · 10 g sachet

Gibberellic acid (GA3) plant growth regulator that increases the number of flowers and fruits and the fruit size, and helps break dormancy.

Cotton · Rice · Wheat · Sugarcane · Vegetables · Fruit & Orchards

Poker

Liquid · 4 L cane

Potassium and Humic Acid soil conditioner that improves soil structure, supports plant growth, and increases yield

Cotton · Vegetables · Fruit & Orchards

Oregon NPK

Water-soluble powder · 500 g

Fully water-soluble 20:20:20+TE crop supplement for foliar feeding across field, vegetable and orchard crops.

Cotton · Vegetables · Fruit & Orchards · Sunflower

Oregon Plus

100% water-soluble NPK fertilizer · 1 Kg pouch

Water-soluble high-phosphorus NPK (8:52:8+TE) crop supplement for root development and flowering stages.

Cotton · Vegetables · Fruit & Orchards · Sunflower

Ammonium Sulphate

Caprolactam Grade 21-0-0-24S · 50 KG bag

Caprolactam-grade ammonium sulphate (21-0-0-24S) supplying nitrogen and sulphur, suited to alkaline soils.

Cotton · Rice · Wheat · Sugarcane · Maize

Kalibor

Liquid · 500 mL bottle

BORON 5% Amino acid-based bio-stimulant liquid that improves yield, quality and fruit establishment.

Cotton · Maize · Fruit & Orchards

Super Zinc

33% zinc, WS (water-soluble) fertilizer · 3 KG pouch

Zinc fertilizer (33% zinc) to correct zinc deficiency in rice, cotton, maize and sugarcane.

Cotton · Rice · Sugarcane · Maize

Soil Health & Biostimulants

Organic conditioners, humic/fulvic and algae-based biostimulants that build soil structure and plant vigor.

Soil Turbo

Liquid · 500 mL bottle

Bacteria which break free insoluble reserves of locked up phosphorus in agricultural soil .

Cotton · Rice · Wheat · Sugarcane · Maize · Potato

Alga 95

Liquid · 500 mL bottle

Algae-based liquid crop supplement that stimulates photosynthesis and helps plants withstand stress.

Cotton · Maize · Potato · Vegetables · Fruit & Orchards

Amino-K

Liquid · 500 mL

Amino acid-based bio-stimulant liquid that improves yield, quality and fruit establishment.

Cotton · Maize · Fruit & Orchards

Grow Fast

80% WS (water-soluble fertilizer) · 1 KG pouch

Fulvic potassium humate (Super Grade) organic soil conditioner supplying humic acid, fulvic acid, potassium and chelated trace elements.

Cotton · Rice · Wheat · Sugarcane · Potato · Vegetables

Natural

Bio Organic Phosphate, 45% W/W · 50 kg bag

Bio-organic phosphate (45% W/W) combining organic matter and phosphate for soil fertility across field crops.

Cotton · Rice · Wheat · Sugarcane · Maize · Potato

Reward

Soil conditioner, 50% · Packs: 4 kg bag / 8 kg bag / 10 kg bag / 20 kg bag

Organic soil conditioner with potassium and humic acid that softens the soil, improves water holding and aeration, and makes soil nutrients available to the plant.

Cotton · Rice · Wheat · Maize · Potato · Vegetables

Insecticides

Contact, systemic and granular insecticides for sucking pests, bollworms, borers and other field and orchard pests.

Andal

22% ZC (Zeon suspo-emulsion) · 100 mL bottle

Broad-spectrum insecticide combining Lambda Cyhalothrin and Thiamethoxam (22% ZC) for rice and vegetable pest control.

Rice · Vegetables

Asgard Plus

Suspension Concentrate (SC) · 200 mL bottle

Chlorfenapyr 36% SC insecticide for sucking pests and mites in cotton, vegetables, orchards and tobacco.

Cotton · Vegetables · Fruit & Orchards · Tobacco

Bovton Plus

21% EC · 800 mL bottle

Triazophos and Lambda Cyhalothrin combination insecticide (21% EC) for cotton, maize and rice pests.

Cotton · Rice · Maize

Cure

1.8% EC · 500 mL bottle

Abamectin 1.8% EC insecticide from the Avermectin group for caterpillar control in cotton.

Cotton

Earth Quick

1.6% G (granular) · 4 KG pouch

Granular soil-applied insecticide (1.6G) for sugarcane and rice/paddy.

Rice · Sugarcane

G-Force

3G (granular) · 8 kg bag

Carbofuran 3G granular insecticide for stem borer control in rice, sugarcane and maize.

Rice · Sugarcane · Maize

Himax

50% SG (soluble granules) · Packs: 50 GM bottle / 50 GM sachet (picture: 50 GM bottle)

Nitenpyram 50% SG systemic insecticide for whitefly, jassid and thrips in cotton, vegetables and citrus.

Cotton · Vegetables · Fruit & Orchards

Himax Plus

10% SL (soluble liquid) · 200 mL bottle

Nitenpyram 10% SL systemic insecticide for whitefly, jassid and thrips in cotton, vegetables and citrus.

Cotton · Vegetables · Fruit & Orchards

Rumble 25% WG

Second-generation neonicotinoid · 100 gm bottle

Thiamethoxam 25% a broad-spectrum, systemic neonicotinoid insecticide used to control sucking and chewing pests.

Cotton · Rice · Vegetables

Hurricane

2.5% EC (emulsifiable concentrate) · 1000 mL bottle

Lambda Cyhalothrin 2.5% EC insecticide for caterpillars, jassid and thrips across cotton, rice, vegetables and mango.

Cotton · Rice · Vegetables · Fruit & Orchards

Neomed Extra

11.6% SC · 100 mL bottle

11.6% SC insecticide with extended residual control for caterpillars in rice, cotton and vegetables.

Cotton · Rice · Vegetables

Neomed Plus

8% SC · 150 mL bottle

Emamectin Benzoate + Lufenuron combination insecticide (8% SC) for bollworm control in cotton and soybean.

Cotton

Python

10% EC (emulsifiable concentrate) · 400 mL bottle

Bifenthrin 10% EC pyrethroid insecticide for cotton pests and mealybug, leaf miner and aphids in fruit crops.

Cotton · Fruit & Orchards

Ryder

50% SC (suspension concentrate) · 400 mL bottle

Diafenthiuron 50% SC insecticide/acaricide for whitefly and mite control in cotton and vegetables.

Cotton · Vegetables

SACI Demate

20% SC · 75 mL bottle

20% SC dual-mode insecticide for whitefly, jassid and phylloxera control with extended residual activity.

Fruit & Orchards

SACI Mocca

4% Granules · 6 kg pouch

Cartap Hydrochloride 4% granular insecticide for stem borer control in rice.

Rice

SACI Sadan

4% Granules · 9 kg bag

Cartap Hydrochloride 4% granular insecticide for stem borer and leaf folder control in rice.

Rice

Saciphos

440 EC · 800 mL bottle

440 EC broad-spectrum insecticide for bollworm complex in cotton and pod borer in chickpea.

Cotton

Spring

20% SP (soluble powder) · 250 gm pouch

Acetamiprid 20% SP powder insecticide for whitefly, jassid and aphid control in cotton, vegetables, orchards and tobacco.

Cotton · Vegetables · Fruit & Orchards · Tobacco

Spring Plus

20% SL (soluble liquid) · 240 mL bottle

Acetamiprid 20% SL systemic insecticide for whitefly, jassid and aphid control in cotton, vegetables and tobacco.

Cotton · Vegetables · Tobacco

Fair 25% WP

25% WP · 250 gm pouch

Imidacloprid 25% WP is a systemic neonicotinoid insecticide for sucking insect pest.

Cotton · Vegetables · Fruit & Orchards

Fair Supper 70% WS

70% WS · 50 gm bottle

Imidaclorpid 70% WS is a systemic neonicotinoid insecticide for whitefly, jassid, thrips and shoot fly in cotton and maize.

Cotton · Maize

Thunder

75% SP · 250 gm pouch

Acephate 75% SP systemic insecticide for whitefly, jassid, thrips and armyworm in cotton.

Cotton

Trident

25% EC · 400 mL bottle

Dimethoate + Bifenthrin combination insecticide (25% EC) for thrips, jassid and Pyllia across cotton, potato, tobacco and sugarcane.

Cotton · Sugarcane · Potato · Tobacco

SACI Chlor 40% EC

40% EC · 400 mL bottle

CHLORPYRIFOS (40% EC) a broad-spectrum organophosphate insecticide for termites, borers, whiteflies, and aphids.

Cotton · Sugarcane · Potato · Tobacco

Fungicides

Protectant and systemic fungicides for blight, mildew and other fungal and bacterial diseases.

Blue Bird

47% WP · 250 gm pouch

Copper Oxychloride and Kasugamycin-based fungicide/bactericide (47% WP) for vegetable crops.

Vegetables

Fumlas

80% WG (water dispersible granule) · 1 KG (Pouch

Sulphur 80% WG fungicide/acaricide for disease and mite control.

Vegetables · Fruit & Orchards

Thiophanate Methyl

80% WP (wettable powder) · 400 gm (Pouch

Thiophanatemethyl 70% WP ias broad-spectrum to prevenet and cure fungal infections in paddy rice, vegetables and fruit crops.

Rice · Vegetables · Fruit & Orchards

Manner

50% SC · 150 mL bottle

Azoxystrobin + Tebuconazole combination fungicide (50% SC) for blight control in vegetables and rice.

Rice · Vegetables

Metalman 72

72% WP · Packs: 250 gm pouch / 500 gm pouch / 1 kg pouch / 25 kg bag (picture: 500 gm pouch)

Metalaxyl + Mancozeb 72% WP fungicide for blight and downy mildew control in potato, tomato, chili, cucumber and grapes.

Potato · Vegetables · Fruit & Orchards

Timorex

72% WP · 600 gm pouch

Cymoxanil + Mancozeb 72% WP fungicide for late blight in potato and tomato, and downy mildew in melon.

Potato · Vegetables

Azidox

32.5% SC · 200 mL bottle

Azoxystrobin + Difenoconazole 32.5% SC fungicide for late blight in potato and tomato, and downy mildew in melon.

Rice | Potato | Vegetables | Fruit & Orchards

Herbicides

Selective and non-selective weed control for field crops and orchards.

Cane Weeder 55% SC

55% SC · 1000 mL bottle

Atrazine 5% +Mesotrione 50% selective herbicide for broadleaf weeds, grass-like weeds, and sedges

Sugarcane · Maize

Selcon Super 75% WDG

75% WDG · 13.5 gm sachet

Sulfosulfuron-75% Wdg+Metsulfuron 60 Wdg is a selective herbicide for systemic sulfonylurea herbicide used primarily in cereal crops like wheat.

Wheat

Rice Weeder 30% WG

30% WG · 100 gm sachet

Bispyribac Sodium + Bensulfuron 30% IS a selective, systemic post-emergence herbicide commonly used in rice (paddy) cultivation to control grasses, sedges, and broadleaf weeds.

Rice

Corel-P 42%

42% EC · 800 mL bottle

42% EC selective herbicide for grassy weed control in Cotton, Onion and Maize.

Cotton · Maize · Vegetables

Wheat Weeder

25% OD · 350 mL bottle

25% OD is broad-spectrum, post-emergence herbicide for Wheat crop to control grassy narrowleaf and broadleaf weed.

Wheat

SaciFop

15% EC · 500 mL bottle

15% EC selective herbicide for grassy weed control in soybean and cotton.

Cotton

SaciQuat

20% SL · 1000 mL bottle

20% SL non-selective herbicide for burndown control of broadleaf and grassy weeds in cotton and orchards.

Cotton | Fruit & Orchards

Onex 42% w/w

42% EC · 125 gm bottle

Onex control problematic broadleaf weeds and annual grasses, including annual bluegrass, black nightshade, chickweed, pigweed, and barnyardgrass.

Vegetables
